Product Name: timetab

Team Name: makronii

Actions to Stop Doing:
- Missing/delaying our standups due to forgetfulness/lack of communication

Actions to Start Doing:
- Break down larger user stories into smaller stories

Actions to Keep Doing:
- Use discord for real time communication
- Talk more about our progress in the shared discord
- Keep track of people's commits to help with accountability
- Schedule more time to work collaboratively on tasks

Work Completed/Not Completed:

1. As an event attendee, I would like to communicate my availability to the event planner and other attendees so that I can attend the event. (21 SP)
   1. Visualize data from Firebase (4 hours) **Complete**

2. As a mobile phone user, I would like to be able to communicate my availability to the event planner and other attendees so that I can attend the event. (13 SP)
   1. Design mobile input method (2 hours) **Complete**
   2. Implement mobile input method (8 hours) **Complete**

3. As a colorblind person, I would like to be able to communicate my availability to the event planner and other attendees so that I can attend the event. (2 SP)
   1. Implement changes (1 hour) **Complete**

Work Completion Rate:
While we did go over our ideal hours, this is due to our ideal hours not incorporating the hours required to finish documentation. Overall, we had a fairly good estimate of the time required to complete the sprint.
